

Information Communication Technology Unit (ICTU)

Maintenance Attention Report

Year: All years | Semester: All semesters | Location: All locations | Office: All offices | Equipment: All types | Condition: All conditions | Status: All statuses | Priority: All priorities | Generated: Aug 13, 2026 10:42 AM

Property Number	Computer Name	Equipment Type	Condition	Status	Priority	Score	Recommendation / Reason	Last Maintenance	PM Plan Schedule
01-01-05-030-4313	DSKTP-RS08/SA	Desktop	Serviceable	Issued	Critical	75	Upgrade RAM to at least 16 GB; Upgrade HDD storage to SSD flash storage; Procure a Genuine OS license; No maintenance date is recorded		

Priority and Score Explanation: Critical (75–100): Immediate attention required; High (50–74): Attention should be scheduled soon; Medium (25–49): Monitor and include in the next maintenance cycle; Low (0–24): No urgent issue detected; continue monitoring. The score is capped at 100 and is advisory only; existing approval workflows remain required.
